All the thrills of the Big Top, with breath-taking wild animal acts, talented bare-back riders, clowns galore, the man of the flying trapeze, and death-defying high wire stunts, are in store for the circus-gorers.

Both grownups and adults alike will hold their breath while "Suicide Stanley" loops the loop in an automobile, coming down from the top of the Arena on a ramp, with the car turning over in mid-air.

Evelyn Currle, the world's only woman wild animal trainer, will put her lions

and tigers through their paces in another feature of the star-studded program.

Then there will be Captain Robinson's trained elephants, the Hannefords, greatest bare-back-riding act the circus has ever produced, and a long list of other attractions.

A number of the acts will be seen in Boston for the first time, and several European acts will be making their first American appearance. Next week will be circus time at the Boston Arena, with fun and thrills the order of the day.

Lockwood Seeks Ward 3 School Committee Post

Walter E. Lockwood of Watertown street, both of 48 Clark rd., West Newton, is campaigning for election as School Committeeman from Ward 3.

A graduate of Rollins A graduate of Rollins College in Florida, Lock-wood is employed as a re-search and development engineer at Raytheon's Spencer Laboratory. He formerly was a teach-ing fellow at Dartmouth

College and has done grad-uate work at Northeastern University.

Lockwood is a Royal Arch

Lockwood is a Royal Arch Mason, is active in the work of his church and the PTA. He served in the army in the European theatre of operations during World War II. He is the father of two children who attend the Newton public schools. His wife is the secretary-treasurer of the Colonial Girl Scout Development Committee, is a member of Committee, is a member of staff of Camp Mary Day and an assistant Girl Scout troop

an assistant GIT Scout troop leader.

In a statement outlining his position on school matters and his reasons for seeking elec-tion to the School Board, Lock-wood expressed the belief that his teaching and engineering his teaching and engineeering his teaching and engineeering experience would enable him to make positive contributions to the many and varied aspects of the responsibilities of a School Committee member.

Lockwood is a registered professional engineer and at one time was a mathematics teacher in Glen Arbor, Michigan.

God Is Sunday

Service Subject

Why the healing law of God

can be relied upon to over-come sin and sickness will be explained Sunday at Christian Science church services.

The subject of the Lesson-Sermon is "Are Sin, Disease, and Death Real?" Among the Scriptural selections to be read

are these words of Isaiah (33): "For the Lord is our

judge, the Lord is our law-giver, the Lord is our king; he will save us... And the inhabi-tant shall not say, I am sick:

the people that dwell therein shall be forgiven their in-

Political Highlights

In the first place, Kennedy unquestionably wouldn't do it. In the second place, he couldn't do it without making himself guilty of the political sin of ingratitude. In the third place, it would boomerang against him and hurt him if he tried to do it. The average Congressman would react with anger

and resentment if Kennedy or any President attempted to dictate the election of a Speaker. Kennedy, who himself was a very independent Congressman and Senator, knows that better than any political observer.

ator, knows that better than any political observer.

It would be stretching things to say that President Kennedy and Congressman McCormack are close personal friends. Both are strong-minded men, and back through the years their views at times

have clashed.

Kennedy, who was backing Adlai Stevenson for the Democratic nomination for President in 1956, didn't like it when McCormack was successfully boomed as the favorite son candidate from Massachusetts.

It is becoming increasingly evident that one of Governor

he should be given a chance to do it. Some people are begin-ning to wonder when he's going

fights. He played a major role Kennedy's campaign for the S. Senate in 1952, a battle which marked a turning point

which marked a filtring point in Kennedy's public career. The veteran Congressman also was placed in charge of all the Kennedy activities in the City of Los Angeles during last year's Democratic national

convention.

While Sam Rayburn was lin ing up every delegate he could for Lyndon Johnson, McCormack was working just as

strenuously for Kennedy.

When Kennedy won Presidential nomination, Mc-Cormack went to Rayburn to urge that he encourage Johnson to accept the Vice Presi-dential nomination and become Kennedy's running mate.

When former Governor Men-nen Williams of Michigan and other liberals were preparing a floor fight in an attempt to block the nomination of Johnson, it was the cool-headed Mc-Cormack who took the microphone and pushed through motion that Johnson be nomi-

nated by acclamation.

As a matter of fact, Kennedy had to appeal personally to McCormack to go to the Demo-

McCormack was fatigued after a long congressional session. He doesn't fly, and the prospect of a wearying train ride across the breadth of the nation from Boston to Lo. nation from Boston to Los tones.

He has befriended young Congressmen when they arrived on Washington's Capitol Hill, and he has gone into their districts to campaign for them when they needed a helping hand. It would be difficult for anyone to pull most of those Congressmen away from McCormack.

It may be that some up-and-coming young Congressmen will challenge McCormack when the time comes for the national House to elect a lower property of the ground.

If Kennedy were not satisfied with the help Hynes gave him in 1952, it's hardly likely that he would have insisted on the election of the former Böstantianal House to elect a tom Mayor as the Democratic ingready to run for something

Poison Sprays

To the Editor, Newton Graphic Dear Sir:

When we first moved to Newton four and a half years ago from Maine we were so enthralled by the "Garden City" that our friends accused us of being in the employ of the local Chamber of Com-merce. Our glass wall, looking onto a tree-fringed yard, pro-vided us with an eyer-chang-ing theatre of entertainment throughout the year.

The actors in this wonder-ful production were our little feathered friends,—beautiful, amusing little creatures, en ticed here by our feeding sta-tion, birdbath, nesting boxes. Our pleasure was short-lived, however. For the last two years, a mosquito spray helicopter, privately engaged by some of our neighbors, has dumped its poisonous, oily load three or four times during the season, and we have not seen one healthy hatch of young birds. Tragedy over-takes faithful little wrens who come every year. Just as the baby wrens are feathered and early ready to debut, back omes the hated sound of that helicopter one quiet morning as dawn is breaking, and the toxic effect of poisoned in-sects (mosquito spray is not selective — it poisons the means of survival for all insect

But a strong mutual respect
has existed between Kennedy and McCormack, and the two are far friendlier than were Kennedy and Rayburn.

McCormack has given Kennedy important help in critical fights. In this instance, however, Volpe, has an important ally working with him by the name of Thomas I. McLernon.

Just about everything McLernon.

Just about everything McLernon dees makes it a little more difficult for a Democratic legislator to stand up and speak out in his defense.

His latest nonsensical action was to prohibit members of the Carmen's Union from posting notices on MTA bulletin boards concerning union elections.

McLernon obviously believes that one of the things for which he is paid a staggering salary is to maintain a running leud with the men who work under him. Truth to tell, it is about the mony thing he has been really successful in doing.

For a long time now the people have been told that McLernon was brought here from New York to do a job and that he should be given a chance to

Angeles held little allure for him.

But Kennedy asked McCormack to go to Los Angeles, and McCormack went. When he arrived in the City of the Angels, McCormack lined up against his old friend Sam Rayburn.

Could Kennedy turn around and oppose McCormack for the Speakership because McCormack was not enthusiastic enough about some bill Kennedy submitted to Congress?

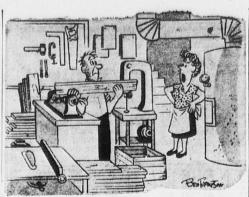

Whether he could or not, the obvious answer is that he wouldn't.

Back through the years McCormack has gotten along well with all members of Congress. He has befriended young Congressmen when they arrived on Washington's Capitol Hill, and Washington's Capitol Hill, and Washington is a gone of the key figures in Kennedy share to the public water supply be Fluoridation is the addition to the public water supply of a powerful, highly toxic cumulative sodium fluorice state that in a concentration in excess of 1 part per million, sodium fluoride is hazarous and dangerous to health. Mayor Donald L. Gibbs, who is unopposed for reelection to a second term, was asked by the League of Women Voters to answer the following question: of Women Voters to answer the following question:
"Do you favor cooperation with neighboring communities in working out regional problems such as transportation, public health, water pollution, recreation? How should such cooperation be effected?

The Mayor's answer: "Regional planning has been before the Massachusetts Legislature for several years. As a previous member of the General Court, I have supported and voted for this proposed legislation. As Mayor of Newton, I still subscribe to

legislation. As Mayor of Newton, I still subscribe to the principles of regional planning. This method will supply adequate research into our common prob-lems leading to cooperation between cities and towns with resulting benefits at lower collective costs."

BUDGET

TERMS

As Low As

\$10 Down

The J66 – Costs about \$90.

Fully automatic, no focusing, nothing to set - the J66 is the simplest Land Camera ever, and it costs about the same as the first Land Camera model on the market! All you do is aim the camera and snap and, of course, your picture is ready in just 10 seconds. No extras to buy, either. You don't need an expensive light meter. Even the flashgun is built right into the camera.

The J33 – Costs less than \$75.

The brand new J33 Polaroid Land Camera has all the exciting automatic features of the J66 but makes a smaller sized picture – just the size to fit conveniently in your wallet. The price, lowest of all the Polaroid Land Electric Eye Cameras, puts 10-second automatic pictures well within the reach of every budget

The 850 – Costs about \$140.

This is the most sensitive electric eye camera in the world — of any kind! Its tiny micro-eye is capable of adjusting both lens and shutter speed even in a dimly lit living room. And with the Polaroid wink-light you can forget about the expense and bother of flashbulbs for all your indoor pictures. This is the deluxe Polaroid Electric Eye Camera.

Come in and let us give you a free 10-second demonstration of the Polaroid Electric Eye Camera you like best. NOW ON SALE AT

High Heels Cut Canvas Car Top; Woman Escapes

The Brandeis University High heels which cut through the canvas top of her convertible helped save the life of Mrs. Jeanne Rich-ards, 30, of 17 Jerome Ave., Newton, when she escaped death after it hurtled off death after it nurtied on Rte 9 at Willow Bridge and went into Lake Cochituate early Tuesday.

The water settled within inches of the canvas top, but

the water helped revive her after she was stunned when the car went off a nine-foot culvert. She swam 15 feet to safety and later was treated for cuts and bruises.

Mass. Employers Tax Rate Hiked

BOSTON - Some 57,000 BOSTON — Some 5,000 Massachusetts employers who were paying unemployment taxes at reduced rates because of a favorable employment record must begin paying at the maximum rate of 2.7%.

The new tax rate will apply to quarterly payrolls covering.

The new tax rate will apply to quarterly payrolls covering July 1 through December 31 of this year. The tax on the July 1 · September 30 payroll is due by October 31. Notices signaling the end of reduced rates are being sent to all employers this week by the Massachusetts Division of Employment Security.

Employment Security. The suspension of so-called

The suspension of so-called experience rates was mandatory under the state employment security law when the fund level fell below 4.5% of the state's annual payroll. This happened in April of this year following the heavy unemployment of last winter.

Another very unjust Bill was filed in the Legislature which would make it mandatory for the arresting officer — at his own discretion — to give a summons to a motorist. This would man court action and would mean court action and deprive the defendant of an op portunity to request a hearing before the summons is issued. The Bill sponsored by the Gov-ernor at our request is fairer and more equitable. The Registrar said that he

Points Out That Effect On Newton Tax Rate Negligible

Mayor Donald L. Gibbs today accused MTA officials of breaking faith in doubling the fares of thousands of Newton residents who use the Highland Branch line to travel to and from downtown Boston. The fare hike is scheduled to become effective a

week from Saturday, October 28. Starting that date, persons boarding the Highland Branch line at the Riverside, Woodland, Waban, Eliot, Newton Highlands, Newton Centre and Chestnut Hill stations will be obliged to pay 40 cents in or. obliged to pay 40 cents in order to ride into the Park street

Under the new fare schedule it will cost 10 cents to ride to Reservoir station, another 10 cents to travel from Reservoir station to Fenway station and 20 cents to enter the subway beyond Fenway station.

Mayor Gibbs, who had ad-Mayor Gibbs, who had advocated a 25-cent fare on the MTA, declared that Newton users of the Highland Branch will be hit hard in the pocketbook by the new fare arrangement and that the saving on the city's tax rate resulting from an anticipated reduc-tion in the MTA deficit will be negligible.

He characterized the zone

fare on the Highland branch fare on the Highland branch as a "very wrong approach" and asserted that MTA trus-tees were guilty of a breach of faith in adopting it.

When the Highland Branch was being planned, Gibbs pointed out, MTA trustees insisted that it would show a profit of \$300,000 a year if it had 36,000 riders per day. "The Highland Branch has

about 30,000 riders a day so it must be just about breaking even." Gibbs declared.

Both Local High Teams Face Strong Grid Foes

The Garden City's two from last year's paralyzing schoolboy grid teams, Newton and Newton South High, tactelle tough opponents Saturday — Newton entertains undefeated Arlington and Newton South journeys to the home field of a fighting Maribone town average.

Both Newton clubs will face strong opponents. Last week hom South journeys to the Arlington tied Everett 6-6 in a Maribone routed Norwood 20 boro team.

Last Saturday South won its first victory of the season with a 20 to 8 victory over visiting Stoneham at Dickinson Field. And although Newton was edged by 14 to 12 by Watertown, it was a far cry

defensive ball game while Marlboro routed Norwood 20 to 12. This win gave Marl-boro a 3-1 record on the sea-

Political Highlights

More Democrats than Republicans would be hurt if that issue engenders widespread public feeling because a big majority of the legislators are Democrats and more Democrats than Republicans voted for the so-called pay grab.

A number of factors played a part in shaping the election returns in a district where the Democratic chieftains privately believed their party's candidate couldn't lose—a district which was revamped last year for the purpose of placing it securely in the Democratic column.

The Democratic column.

The opposing contenders public agencies. were Republican Representa-tive and Senator-elect Edmund R. St. John of Adams and Dem.

R. St. John of Adams and Democratic Representative Thomas C. Wojtkowski voted for the pay boost and St. John against it. St. John voted for a sales tax and Wojtkowski against it. Ironically, St. John Probably wouldn't have mentioned the pay hike if Wojtkowski hadn't decided he could make a little political pay on the sales tax issue.

The campaign was moving along at a slow pace when Wojtkowski suddenly blasted out at St. John for voting for a sales tax. Although the sales tax issue obviously was a dud and got no public reaction, Wojtkowski kept hammering at it.

Miss Hope Mildred Heenan, daughter of Mr. and Mrs. Edward Francis Heenan of 19 Crescent avenue, Newton Centre, became the bride here recently of Dr. Willy Victor Leimgruber. He is the son of Mr. and Mrs. Willy Leimgruber of Zurich, Switzerland.

The Rev. George Sullivan celebrated the 10 o'clock nuptial mass at the Sacred Heart Church. A reception followed at the home of the bride's

parents.
Escorted by her father, the bride wore a robe de style gown of white Alencon lace which had a chapel-length train. She chose a Chantilly lace mantilla, and carried a cascade of white roses and stephanotics.

This year, we are celebrating the 60th anniversary of our founding.

From a small company with an original investment of only \$3,500, the Sylvania organization has grown steadily until today it has annual sales in excess of \$400 million; 28,000 employees; plants and laboratories in 14 states; a total investment in land, buildings, machinery and equipment in excess of \$151 million, and is the major manufacturing arm of the vast General System.

It's impossible to put your finger on one thing and say, "This is the reason for success.

We're sure of one thing, though! We would not be very successful very long without the support of our employees, or without the friendly understanding

and cooperation of our neighbors in the community. Throughout our history, the Sylvania organization has in each succeeding decade recorded greater progress and growth than in all its preceding years.

Today, Sylvania stands on the threshhold of the decade of its greatest promise. As in the past, the vital element in our continuing success will be our friends and neighbors, and our employees, the individual Sylvanians whose ideas, skills and enthusiastic support have provided the firm foundation upon which the Sylvania organization continues to prosper and grow.

McCormack To Support Move For 13th Seat In Congress

Congressional Majority Leader John W. McCormack, who is in line for election as Speaker of the national House of Representatives, will throw his support early next year behind a move for the passage of bill creating four new seats in the lower chamber of

With the prestige and power McCormack would command as the new Speaker, there is a good possibility such a measure would be enacted.

That would give Massachusetts 13 members in the elected next year. It would ease similar political problems in Pennsylvania, Illinois and Missouri,

Damaged Stands Roped Grant Permit Off; 2 Games Saturday

Dickinson Stadium in Newtonville will be the scene of two schoolboy football games this Saturday, but the top tier of bleachers which collapsed last week under the weight of fans and dropped many to the ground, will be roped off.

Officials said plans to repair the damaged portion or strengthen the railing in other sections must await an in-spection by the builders and recommendations made following the inspection.

The bleachers, 12 tiers high and 150 feet long, were manufactured by a mid-west concern and installed last year. They were inspected and approved by the State Department of Public Safety prior

to the start of the football

Boston Paper's Charge Termed "Exaggeration"

Mayor Donald L. Gibbs and Police Chief Philip Purcell today flatly denied that any teen-age gang-war terror exists in Newton.

Both the Mayor and the police chief sharply contradicted a lead story in Tuesday's Globe reporting that "stark terror, sparked by vengeful gangs of young hoodlums, stalks the streets of Newton."

They declared that there is no basis or fact or truth for such an assertion.

Other statements contained in the news story were described as "grossly exaggerated."

Chief Purcell said that New ton has no organized juvenile

gangs.

He said that squabbles occasionally develop between teen-age groups but that these are dealt with by police as rapidly as they occur.

Furcell expressed the conviction that Newton has a lesser juvenile problem than any city of comparable size in Massachusetts.

The police chief emphasized that Newton's streets are as safe as they ever have been and that his men have the situation under control.

Mayor Gibbs, obviously disturbed by The Globe headlines, conferred at length on
the matter with Chief Purcell.

High School Cafeteria Food Varied

Steps have been taken to improve the quality and variety of food available at the Newton High School cafeteria, the School Committee was advised the section.

School Committee was advised at its meeting Monday night.

Students had complained about the variety of food, the lack of air circulation and overcrowding in the cafeteria.

Principal Richard W. Mechem told the School Committee that steps have been taken concerning a greater variety of foods, especially the complaint that students could not get the desserts they wanted.

He also said that consideration was being given to the possibility of having four lunch programs instead of the present three. This would tend to eliminate overcrowding.

Also, Mr. Mechem told the Committee that the School Department Building Maintenance was making recommendations about better air circulation and re-painting of certain areas.

Only one Bay State congressional district would have to be eliminated in such an event. The one selected for liquidation undoubtedly would be that of nave to be eliminated in such an event. The one selected for liquidation undoubtedly would be that of Republican Congressman Laurence Curtis.

That, however, would by no means mark the end of the public career of the popular Curtis, who rates high among the Republican party's sturdiest vete set.

high among the Republican party's sturdiest vote-get-ters in Massachusetts.

The GOP would be morally bound to give Curtis its nomination for the U.S. Senate if he wanted it.

As a Congressman without a district and the lone victim of a new redistricting law, Curtis would be likely to poll a sizeable sentimental vote in what-ever contest he entered, whether it were for the Senate or for Congress. He might prefer the latter body for seniority reasons and because he is a member of the important House Foreign Affairs Committee.

Every redistricting plan | Mc Cormack's powerful back Every redistricting plan which is proposed starts on the premise that the Zurtis district will be broken up, although it is much larger than some of the districts which would be preserved.

But Democratic politicos are deluding themselves if they think they can count Curtis out of the 1962 election picture. Only the voters can do that when it comes to a show.

That could happen although there is great doubt in the minds of many Beacon Hill observers that a majority of the legislators ever will be able to agree on any redistricting bill which is satisfactory to Conis satisfactory to Governor Volpe.

Congress came much closer this year to allocating another seat to Massachusetts than is generally realized.

A strong case was 1.ade for adding three new members to Congress since three places had been given to Hawaii and Alaska when they were admitted to Statehood.

Had the House membership been increased by three seats, Massachusetts, Pennsylvania and Missouri each would have received one. That merely would have restored to the three States places they lost be-cause Alaska and Hawaii were made States.

addition of three members would result in a 438-member House. There was opposition to an even-numbered body because of the possibility of ties in voting. So the bill was members.

In a letter published in your issue of October 12, a number of points were raised against fluoridation which illustrate the quality of the opposition; they are worth re-

1. "Fluoridation is the addition to the public water sup-ply of a powerful, highly toxcumulative sodium fluor ide substance."

The inference that fluoride The inference that fluoride in minute concentration in drinking water has the same effect as fluoride in high concentrations is completely incorrect. There is no difference in the health of people living in cities with many times the recommended amount of fluoride in their drinking water and in our low fluoride area.

There is no evidence to support this insinuation. The hundreds of reliable investigations carried out by the United States Department of Health, Education and Wellegislate any Democratic Congressman out of office.
Governor Volpe can hardly sign a redistricting bill which liquidates two of the six Republican Congressmen but leaves all eight Democratic Congressmen undisturbed. He would be virtually reading himself out of his own party if he did.

The Newton School Commit tee issued a statement today in which it suggested a "no" vote on the question of equal pay for men and women teachers which will appear on the ballot at the Nov. 7 ballot.

The statement said:

"The Committee feels that decisions on such matters should be made by elected City Officials who represent directly the individual voters of the City, and should not be decided by a state-initiated referendum.
"The Newton School Com-

ciple of equal pay for men and women teachers, and at its regular meeting on Sept. 25, 1961, voted: 'that the Com-25, 1951, vote: that the committee generally supports the principle of equal pay for men and women, and that effective Sept. 1, 1962, women teachers will be paid at the same rate as men teachers beginning at the fourth step on the salary schedule. "And accordingly all New-

ton teachers on and above the fourth step on the salary schedule will receive equal compensation, effective Sept.

"At this time the Newton School Committee feels that it is not appropriate to establish equal pay for the first three steps on its salary sched-ule for teachers in view of its history of personnel records, which indicate a very heavy turnover among inexperienced women teachers.
"The Newton Teachers As-

"The Newton Teachers Association has accepted the action taken by the Newton School Committee at this time with respect to equal pay, without waiving its intent to ask the School Committee to reconsider the matter of equal pay for all teachers at a later date."

Mount Ida Junior College victory. Newton scored early in the game when Kenny Smith tossed the first of his two TD passes. It was a 19 yard connection to Ted Pleuler, and the PAT failed. The Spy Ponders struck back quickly for two TDs in the first quarter. Nagle passed 38 yards to Bill Gannon to tie the game, and on the last play of the period, the same duo connected again for 50 yards. In the second quarter Arlington struck again. Nagle hit Jim Driscoll from the 28 for his third TD. The try for conversion failed each time. Newton refused to concede and fought back in the fourth period when Smith and Pleuler combined on a 60 yard pass and run for the TD and two. at Newton Centre announces that seniors on the Dean's List include Judith LaRue of 168 Pine Grove Ave., Newton Lower Falls.
